Air Traffic Control Recording

Specialist's Report
by **Joseph A. Gregor**

A. ACCIDENT

Location: New York, New York
Date: September 11, 2001
Time:¹
Aircraft: Boeing 767-200ER
NTSB Number: DCA01SA060

B. GROUP

N/A

C. SUMMARY

On September 11, 2001 American Airlines Flight 11, a Boeing 767 crashed into Tower 1 of the World Trade Center in New York City, New York. A certified analog copy of air traffic control (ATC) transmissions recorded on September 11, 2001 at various tower, departure, and Air Route Traffic Control Center (ARTCC) positions along the route of flight was sent to the audio laboratory of the National Transportation Safety Board. These recordings were used to create an audio track and text transcript of the aircraft-ground communications from takeoff to accident time.

D. DETAILS OF INVESTIGATION

Transmissions between the accident aircraft and ATC were recorded and an analog copy was sent to the Safety Board's audio laboratory. The tapes cover the following ATC positions and time periods:

Facility	Time Period ¹ (UTC)	Position
BOS	1152:37 – 1217:48	LCE
BOS	1155:32 – 1210:49 1157:42 – 1210:00	ID (B) SL
ZBW	1205:32 – 1208:50	Sector 47R
ZBW	1204:51 – 1233:59	Sector 46R

Sections of the tape recordings containing air-ground transmissions to and from the incident aircraft were digitized at a 22,050 Samples/second data rate and saved as standard Microsoft .wav files. Individual .wav files were combined into a single 35 minute 12 second long .wav file containing all transmissions to and from the incident aircraft from 1159:02 UTC (aircraft cleared for takeoff) to 1234:14. A transcript was obtained from the final composite recording. Times are approximate due to limitations inherent in the data obtained from the FAA.

Joseph A. Gregor *JAG*
Electrical Engineer

Transcript of ATC communications with a Boeing B-767-200ER (American Airlines flight 11) which crashed into Tower 1 of the World Trade Center in New York City, New York on September 11, 2001.

LEGEND

AAL-11	Radio transmission from American B-767-200ER, flight 11
LCE	Radio transmission from Local Control East
ID (B)	Radio transmission from Initial Departure position B
SL	Radio transmission from Lincoln Departure
47R	Radio transmission from Sector 47 Radar position
46R	Radio transmission from Sector 46 Radar position
*	Unintelligible word
#	Expletive
()	Questionable insertion
[]	Editorial insertion
...	Pause
--	Interruption

Note 1: Times are expressed in universal coordinated time (UTC).

Note 2: Only radio transmissions to and from the accident aircraft were transcribed.

Note 3: Words shown with excess vowels, letters, or drawn out syllables are a phonetic representation of the words as spoken.
